Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Regional Source Water Electric Supply and Grid Improvements in fiscal year 2025. The entity to receive funding for this project is DuPage Water Commission, located at 600 Butterfield Rd, Elmhurst, IL 60126. The funding would be used to carry out necessary activities for its Regional Source Water Project including electric grid stability and electric supply analysis.

The project is an appropriate use of taxpayer funds because it supports stable, predictable, and reliable drinking water supply that can support growth and attract business investment in Northeastern Illinois.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sean Casten
Member of Congress
